

CHANGESET 012

File: `app/kommuner/page.tsx` (Municipal Partners Page — NEW)

Reason

No existing municipal partners page. The Municipal Procurement Review explicitly demanded: (1) a dedicated page for municipalities, (2) downloadable 24-page decision pack, (3) quality metrics (one number per slide), (4) quality dashboard link, (5) governance documentation list, (6) dedicated procurement email, (7) response time promise. This changeset creates a new page. Add the route to your existing routing configuration (e.g., `next.config.js` or page router).

Old Code

No existing file. Create `app/kommuner/page.tsx`.

New Code

Create `app/kommuner/page.tsx`:

```
import Image from "next/image";
import type { Metadata } from "next";

export const metadata: Metadata = {
  title: "Kommunalt samarbejde — Premium Care",
  description: "Kommunalt beslutningsgrundlag, kvalitetsdata og dokumentation",
};

export default function MunicipalPage() {

Add to navigation: Update NAV_LINKS in components/Navigation.tsx (CHANGESET 004) to include:

```
{ href: "/kommuner", label: "Til kommuner" }
```

Place it after “Kontakt” or replace one link if maintaining exactly 5 links is preferred.

Expected Result

- 9 snap-sections
- Direct address to municipality: “Til kommuner”
- Decision pack: downloadable PDF
- Three data slides: 94%, 87%, 0 (one per viewport)
- Dashboard link: password-protected, external
- Governance docs: 5 downloadable PDFs with arrow indicators
- Procurement contact: dedicated email, 2-hour response promise

- Crest: final section

Testing Notes

1. Navigate to /kommuner: verify page loads
2. Verify “Download PDF” button downloads the decision pack
3. Verify three numbers are each on separate full-viewport sections
4. Verify “0 alvorlige hændelser” is present
5. Verify dashboard link opens in new tab with `rel="noopener noreferrer"`
6. Verify all 5 document download links work
7. Verify `kommune@premiumcare.dk` is a `mailto:` link
8. Mobile: verify document list is readable, links are tappable

Accessibility Impact

- **Positive:** Download links use semantic anchor tags with `download` attribute
- **Positive:** One number per section prevents cognitive overload
- **Positive:** High contrast on navy sections
- **Positive:** External dashboard link has `rel="noopener noreferrer"` for security
- **Needs attention:** Add `aria-label` to external dashboard link indicating it opens in new tab

SEO Impact

- **Positive:** “Kommunalt samarbejde” captures municipal procurement search intent
- **Positive:** Downloadable PDFs create backlink opportunities and document indexing
- **Positive:** Quality metrics provide unique, indexable content
- **Positive:** Dedicated page signals institutional seriousness to search engines

Trust Impact

- **Critical:** “0 alvorlige hændelser” is a concrete safety claim that procurement officers evaluate
- **Critical:** Decision pack signals respect for municipality’s time and process
- **High:** “Live data. Ingen markedsføring. Kun tal.” is the exact language procurement wants
- **High:** Dedicated email separates municipal from family inquiries, signaling organizational maturity
- **Medium:** ISO 9001, GDPR, and Arbejdstilsynet documents are procurement baseline requirements
